

Song Topic Generator

Congrats on your venture to start writing your own songs!

Now you've got your initial topic idea from the [Song Topic Generator](#), here are some additional information you'll find useful when crafting your songs.

Song Sections

INTRO

Introduces the song by giving a taste for what's to come.
Examples: a phrase, rhyming pair, your hook, a part of your chorus etc.

VERSE

Contains the details of the story, usually throughout 2 verses.
Each verse will be melodically the same, but with different lyrics.

PRE-CHORUS

Acts as a build up, or a drop to the chorus.
Usually short in length, and doesn't necessarily have to rhyme.

CHORUS

The main purpose of the song reiterated to the listener 2-4 times throughout.
Has the same lyrics and melody throughout.

BRIDGE

Acts as a revelation, or a change in the story. Usually heavily contrasted to the verse and chorus.

OUTRO

Finishes the song off, either by leaving it open-ended or with closure.
Examples: a phrase, rhyming pair, your hook, a part of your chorus etc.
